PROVIDING SOLUTIONS

The Challenge

Ogden Mini Storage consists of 168 units and 10 outside RV storage. The client was interested in selling the property to take advantage of the equity and capital gains. The Ivy Group was selected to exclusively represent the client to market the property and solicit multi offers from interested parties. Several major challenges needed to be resolved prior selling the property. The client was looking for a partner that had experience with resolving the following:

- Eminent domain encumbrance.
- City and County permitting.
- Code compliance.
- Land survey.

The Strategy

The Ivy Group first sought to understand the client’s motivation for disposing the property.

Prior to the sell, The Ivy Group engaged several entities to resolve all issues that prevented the property from closing escrow. The Ivy Group formed strategic partnerships with the city, county and surveyors to set a realistic timeline to correct all the deficiencies discovered on the preliminary title report.

The Ivy Group analyzed the rent roll, poured through year-to-date financial summaries and ordered a commercial appraisal to accurately establish a competitive listing price. Then The Ivy Group performed a financial evaluation of the property and developed a cost effective marketing strategy to advertise the property to potential buyers.
